SUPERSTAR painter **Camilla Webster** hosted a power table at Summerfest the Southampton Art Center gala Thursday night. Patroness **Jean Shafiroff** was between “Sex and the City” creator **Candace Bushnell** and philanthropist **Maria Fishel**. **Petra Khashoggi** and plastic surgery scion **Danny Baker** — who as Page Six reported eloped together over the summer — and power publicist **Anna Rothschild** saved a chair for famed photographer **Patrick McMullan**, who was busy snapping. Shafiroff won a beautiful hand-painted champagne bottle created by Webster but — considering Shafiroff’s link to the hostess — a couple of guests did rumble that “the fix was in,” we hear.

SECOND time’s a charm? **Bradley Cooper** and model **Irina Shayk** — who called it quits in June 2019 and have one child together — could be getting back together with an eye on having more kids, a source exclusively tells Page Six.

The couple, who co-parent 5-year-old daughter **Lea De Seine**, posted a picture from their tropical family vacation this week, with an insider telling us they could be rekindling the romantic flame.

“It was a real family getaway and they are considering getting back together,” said the source. “She would like her daughter to have a sibling.”

We’re told the “Silver Linings Playbook” actor is on board.

Cooper was recently seen spending time with **Anthony Weiner’s** ex **Huma Abedin**, but the source told us it was casual.

Since her split with Cooper, Shayk has been briefly linked to **Vito Schnabel** and **Kanye West**, though that fizzled quickly.

“They both [Bradley and Irina] haven’t gotten serious with anyone else and they are both into the idea of having a kid,” said our source, explaining, “It’s not *Bennifer 2.0* where the other person is always in the back of their head, it’s more like, ‘Why not?’ They have to deal with each other anyway since

they are thinking the in”
